### **Number Sense and Concepts**

Whole numbers to 100,000

Place value

Rounding

### **Concepts and Operations**

Addition

Subtraction

Multiplication

Division

Money

Decimals

Fractions

### **Measurement and Spatial Sense**

Length-distance

Capacity

Weight/mass

Temperature

Measuring Time

Perimeter

Area

Volume

Angles

### **Geometry and Spatial Sense**

Solid Figures

Plane Figures

### **Coordinate Geometry**

### **Algebraic Thinking and Patterns**

#### **Algebra**

Solve equations

Inequalities

Functions and Relations

### **Data Analysis and Statistics**

Collecting Data

Organizing data

Displaying data

Analyzing Data

#### **Probability**

Finding Outcomes

Theoretical Probability

Experimental Probability

### **Mathematical Reasoning**

Problem Solving Process

Critical Thinking and Logical Reasoning
