

Church of the Redeemer Christian School
Preschool & After Care
CARE SECURITY PICK-UP TAGS
2015 ~ 2016

In order to help dismissal flow smoothly and provide security, CORCS uses a Security Pick-Up Tag system for all Preschool students. Each child's family will be issued two personalized Security Pick-up Tags.

The parent who is picking up the child must show their card at the door upon entering the building and to the teacher in order for the student to be dismissed.

If a child is going to go home with the parent of another child, the parent must give their Security Pick Up Tag to the parent who is taking the child home that day. Returning the card to the parent is the responsibility of the pick up person. Teachers are unable to hold cards for another day. Additional tags may be purchased if you plan to have your child picked up by another parent or grandparent on a regular basis.

In the event of an emergency, if someone comes to pick up a child without the authorization card, they must stop at the reception desk. The receptionist will verify the ID of that person, then call one of the parents to receive permission to pick up. The receptionist will then let the teacher know that they may release the child into the care of the person whose ID has been verified.

Please remember to bring your tag with you!!!
